MATEUSZ KLOS [maˈtɛuʃ klˈɔs]

freelance UX/UI Designer

mklosdesign.com   +48 796 061 885   mateusz@mklosdesign.com   LinkedIn

PROFILE

UX/UI designer with analytical background. I use my experience to gather essential research data and transform it into intuitive and user-centred interfaces. Skilled in visual design, performance testing and clear communication strategy.

EDUCATION

Master in Big Data Management   2021–2023
University of Warsaw

BSc in Human-Computer Interaction   2018–2021
Jagiellonian University in Cracow

WORK EXPERIENCE

UX/UI Designer   Dec 2024–present
Freelance

Designed web interfaces for clients. Operated independently and maintained clear and effective communication.

Data Analyst   May 2024–Jul 2025
Wayfair GmbH, Berlin

Conducted research and processed collected data to create data reports, metrics and Looker dashboards. Delivered user-friendly solutions while working with stakeholders.

Web Applications Tester   Dec 2021–Aug 2022
Codema Software House, remote

Implemented testing for websites to assess performance, accessibility, and valuable user experience. Developed automation scripts for testing using Python and Selenium.
